

The Cures

My Hood's Sarsaparilla are wonderful, but the explanation is simple. Hood's Sarsaparilla purifies, vitalizes and enriches the blood, and disease cannot resist its powerful curative powers. Read this: "My girl had hip disease when five years old. She was confined to her bed and for six or seven weeks the doctor applied weights to the affected limb. When she got up she was unable to walk, had lost all her strength and day by day she became thinner. I read of a cure of a similar case by Hood's Sarsaparilla, and decided to give it to my child. When she had taken one bottle it had effected so much good that I kept on giving it to her until she had taken three bottles. Her appetite was then excellent and she was well and strong. She has not used crutches for eight months and walks to school every day. I cannot say too much for Hood's Sarsaparilla."

Hood's Sarsaparilla
It is a splendid medicine and I would recommend it to any one. Mrs. G. A. LaRue, Oroville, California.

WHY IT CIRCULATES

Phenomenal Demand for a Weekly Newspaper.

IT ADVOCATES POPULAR MEASURES

Characteristic Letters From All Kinds of People.

The phenomenal circulation of the WEEKLY CAPITAL JOURNAL in all the post-offices of Western Oregon causes a great deal of comment, and needs some explanation. Orders keep pouring in by every mail, and while names are struck off the list as soon as a subscription expires the additions surpass the expirations.

IT IS THE CHEAPEST
Weekly in the state. One year \$1.00, six months 50 cents, three months 25 cents. At this low price all can afford to take an Oregon Weekly, and these hard times they naturally take the cheapest. It is too cheap to do without it, and conducted on the cash in advance basis, they know they will not have a bill run on them.

THE PEOPLE WANT IT.
The people will not pay cash in advance for a paper unless they want it and appreciate it. THE WEEKLY is as popular as THE ONE CENT DAILY which is conceded to be the most popular daily in Western Oregon. A man brought in a silver half dollar the other day and ordered it for two months. He said: "I can't get work this winter. I can get along without one meal a day. But I can't get along without THE ONE CENT DAILY. These long, cloudy, rainy, winter days it comes a welcome messenger to cheer the whole family." The people feel the same way about the WEEKLY.

FROM NETARTS BAY.
comes a cheering letter from a subscriber at Netarts, Oregon who encloses a dollar and writes:
"DEAR EDITOR: THE JOURNAL has the true Republican ring about it. I wish that every paper in the country would advocate the people's cause as THE JOURNAL does. I will do all I can for THE JOURNAL."

W. C. O'HARA,
A Republican of the school of Abraham Lincoln.
Mr. O'Hara is not afraid to sign himself an Abraham Lincoln Republican and THE JOURNAL feels proud to be considered a champion of Abraham Lincoln Republicanism.

FROM MAINE TO TEXAS.
Come orders for THE \$1 WEEKLY JOURNAL. Silver dollars are sent. John Holm, Luling, Texas, sends a big dollar of the dandy in a common envelope. It is one of those "In God We Trust," dollars, coined in 1893, good enough for any American, and good enough for any newspaper. THE JOURNAL is the only silver dollar and Weekly in Oregon. THE JOURNAL is the only Daily and Weekly in Oregon that fights the whole gold bond humbug and stands for the right of the American people to buy their bonds. It demands Republican legislation for the American people instead of for the corporation, the trusts, the bondholders and syndicates.

ORDER THE JOURNAL.
Circulate the DAILY and WEEKLY. Stand by the cause of good government for the masses and sound American principles. We will pay extra postage on silver. Don't send stamps.

Catarh in the Head.
Is due to impure blood and cannot be cured with local application. Hood's Sarsaparilla has cured hundreds of cases of catarh because it purifies the blood and in this way removes the cause of the disease. It also builds up the system and prevents attacks of pneumonia, diphtheria and typhoid fever.

Hood's Pills become the favorites catarrh with every one who tries them. 25 cts.

Vegetarian Buildings.

Jim Boyes, a San Francisco gentleman who keeps what is known as the Golden Shore butcher shop, has two vegetable eating buildings, who have managed to live and thrive on potatoes, carrots, turnips, cabbage and other varieties of vegetables, together with a little fruit occasionally by way of dessert. Paddy, the male dog, 6 years of age, has been living on green goods for about five years, while Nellie, the mate, has eaten the food since her acquaintance with Paddy, which is of about two years' standing. Mr. Boyes recently fed the dogs in the presence of an Examiner reporter. He threw a big Early Rose potato down the sidewalk, and Paddy reached the prize first, took it in his mouth, bit it in two pieces and dropped it again. Nellie took the largest piece and ate every fragment. Paddy then took the other half and gulped it down whole.

"He doesn't care much for potatoes, but he will eat them if Nellie does," said Mr. Boyes. "You must not imagine that he breaks the potato in two as an act of civility. He probably thought it was a nutcracker."

As intimated by Mr. Boyes, Paddy prefers turnips and always peels them himself. Mr. Boyes then threw Paddy a white turnip about the size of his fist. The dog caught it in his mouth, rolled it around a few moments, spit out a handful of peel and quietly manuevered the tender heart with as much relish as Ward McAllister would dissect a tenderloin. His mate used the same care while eating her turnip, but swallowed the potatoes skin and all.—San Francisco Call.

A Ring Puzzle.

In this city recently the possessor of a diamond ring requested a friend to take the ring to a reputable house and borrow \$10 upon it. The friend complied and soon returned with the money. The ring was placed in the safe by the man who furnished the cash, there to remain until it should be redeemed. Later on No. 2, who pawned the ring for No. 1, concluded that he would like to have \$10, and as the ring was a valuable one he returned to the man with the safe and asked for the money, which was readily furnished, the safe man supposing the ring belonged to No. 2, the man who pawned it. Nos. 1 and 2 now had \$10 each, provided they had not spent it, which is more than likely. Later on it happened that the safe man went home for the night, and his place was taken by another. The second safe man knew nothing about the transaction of the first safe man concerning the diamond ring. When another man (No. 3) presented himself and courteous ly stated that he had left a ring in the charge of the first safe man and desired to get it, the second safe man, being convinced that the ring belonged to No. 3, handed out the glittering circle of gold without unnecessary delay. No. 3, on obtaining possession of the ring, found that he also needed some money, and at once. He therefore lost no time in putting up the ring at his uncle's for an equivalent in coin of the realm.

The result: The first safe man is out \$20. No. 1 is out a diamond ring and owes \$10. No. 2 is ahead \$10. No. 3 is ahead all he could get on the ring.—Helena Independent.

Electric Current in the Quilt.

A new invention, called by its inventor the thermogun, consists of a quilt containing a coil of wire bent in the fashion of a gridiron, inclosed in insulating and nonconducing material, and imbedded in cotton, wool or other soft substance with a silk or woolen covering.

The resistance offered by the coil to the flow of an electric current through the wire produces heat in the same way that heat and eventually light are produced in the filament of the glow lamp.

A uniform temperature of about 150 degrees F. is thus maintained, but in the event of the temperature rising beyond that point from increase of pressure in the electric mains a fuse instantly melts and automatically shuts off the current. The quilt may be readily attached to ordinary incandescent lamp terminals.—London Lancet.

THE MUSCULAR SYSTEM

of every weary, thin or thin blooded person does its work with constant difficulty and fatigue. They feel "worn," or tired out, "run-down" or nervous.

Feeble people who are dyspeptic, and that exercise after a meal to cause lessened power to digest food—because there is so little blood, and what there is carried off from the gastric organs to the muscles.

What is needed is plenty of blood, and that of the right kind. Dr. Pierce's Golden Medical Discovery makes pure, rich blood, and to gain in blood is nearly always to gain in wholesome flesh up to the healthy standard.

Every one should have a certain surplus of flesh to meet the emergencies of sickness; to resist the attack of consumption, grip, malaria and fevers. Thin blooded people are always getting sick, and none of the organs of the body can get along without the food they require for work, which is pure blood. To gain and to keep strength and flesh is the secret of health, usefulness and happiness. With new blood and refreshed nerves a confident feeling of returning health comes also.

Nervous manifestations, such as sleeplessness, nervous debility and nervous prostration are in nine cases out of ten "the cry of the starved nerves for food." If you feed the nerves on pure rich blood the nervous symptoms will cease. It is bad practice to put the nerves to sleep with so-called sedative mixtures, coca compounds or malt extracts; what is needed is a blood maker. The "Discovery" is composed of vegetable ingredients which have an especial effect upon the stomach, liver, and blood making glands. For the cure of dyspepsia, indigestion, liver complaint, weakened vitality and for puny, pale people, Dr. Pierce's Golden Medical Discovery cannot be equaled. Thousands have testified to its merits.

CASTORIA

for Infants and Children.

MOTHERS, Do You Know

that Paregoric, Bateman's Drops, Godfrey's Cordial, many so-called Soothing Syrups, and most remedies for children are composed of opium or morphine?

Do You Know that opium and morphine are stupefying narcotic poisons?

Do You Know that in most countries druggists are not permitted to sell narcotics without labeling them poisons?

Do You Know that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

Do You Know that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?

Do You Know that Castoria is the prescription of the famous Dr. Samuel Pitcher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?

Do You Know that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense?

Do You Know that one of the reasons for granting this government protection was because Castoria had been proven to be absolutely harmless?

Do You Know that 35 average doses of Castoria are furnished for 35 cents, or one cent a dose?

Do You Know that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts.

The fac-simile signature of *Chas. H. Pitcher* is on every wrapper.
